1. Introduction

The aim of dissemination plan is to describe the main activities in the sharing of idea & the results of this project to the wider community, in order to engage as many interested parties as possible in the project activities & to ensure the support of all the stakeholders & sustainability.

Dissemination is integral part of other activities, however several additional measures have been planned.

The responsible persons of dissemination activities are team leaders in each partner's organization should take care of the coordination of the dissemination activities at their organizations.

All local partners will play an active role in the dissemination of the project results, each according to their position and possibilities. EU partners of consortia will contribute to the dissemination of the project by providing texts & material and by promoting project through their websites and at relevant conferences.

Dissemination plan includes the specific measures aimed on broad dissemination and exploitation of main WPs outcomes and outputs by web-based communication mechanisms (Dropbox, Google disks, Facebook), as well as face-to-face meeting, launch events in leading Ukrainian (NLU, Kharkiv) and Moldavian (MSU, Chisinau) institutions, networking and final dissemination conference in NLU, Ukraine.

The idea for the HRLAW project was advocated by the local partner and it fits very well in the development strategies of other PCUs, which allows team to assume that sufficient level of motivation, engagement and support will be received from the PCU staff and management.

One more effort of project team in WP6-Dissemination and Exploitation is achieving the multiplier effect of dissemination developed outcomes for UA and MD university bodies: the developed set of public/private universities in UA and MD with law studies targetly involved at the dissemination campaign, invited to

launch events and included at the joint training events in Ukraine/Moldova.

The Dissemination strategy is prepared by joint efforts of NLU, Ukraine and MSU, Moldova.

2. Assumptions, risks and milestones

HRLAW team has set the following conditions as **assumptions**:

- strengthen cooperation between all partners involved results in effective dissemination activities;
- active support from lead partner administration (MSU);
- project objectives are in line with the UA and MD universities development strategies and national development plans;
- Ukrainian and Moldavian academic institutions and social partners are ready to cooperate with established association and external stakeholders;
- decision-making process is arranged in line with procedure outlined in WP7;
- local team leaders have and are able to use up-to-date communication equipment: email, mobile phones, Skype for smooth and effective interaction.

HRLAW team has set the following **risks**:

- Potential shifts / changes in the Ukrainian and Moldavian state educational authorities could have a negative impact on the project implementation. **To avoid this risk** all project activities will be performed with the involvement of a number of specialists from the target authorities that ensures continuous support of the performed activities.
- Possible difficulties in decision-making process between UA/MD and EU participants could make delays in implementation of some activities. **To solve this problem** the Steering Board elaborate the sustainable pattern

for decision-making mechanisms, task allocation and troubleshooting and confirm it with all stakeholders during the installation meeting on the beginning of the project.

Project team has set the following **milestones**:

- HRLAW web-site developed and updating on a regular basis;
- items of dissemination suite are developed and distributed between partners;
- planned events are arranged in time, agenda of the events includes all necessary topics.

Given milestones can be measured by following **indicators**:

- availability of the project web-site by the dedicated registered domain name;
- availability of sites updates no less than one per month,
- list of items of dissemination package;
- events agenda, list of participants, IMRs from visitors, events report.
